## AMERICA SPREADS SPY NET

Informed quarters state that the US State Department and intelligence agencies are jointly angaged in a big conspiracy to destroy the liberation movements in China and other Asiatic countries. In order to justify the need of such action, the planners, in a report \*o President Trumma, emphasize that the liberation movement in China is a special threat to the US. The report admits that the Communist areas in China will decide the fate of Communism in Asia. It describes life in the Communist areas as very good and admits that US aid to China is a complete failure.

The report forther states that America, more than any other power, needs Asia an a battleground, and that the loss of this battleground would be irreparable. Another point brought out is that Asia has entered upon a new era as to standards of living, which can only be countered by careful study and planning. The report suggests a plan to set up in Washington a Joint Political Committee of experts to cope with Communist activities in Asia. This committee will be divided into various groups dealing with such matters as party activities, labor unions, military activities, women and student associations, and intelligence activities. The duties of the Joint Political Committee will be:

- 1. Uphold in every way all legitimate (anti-Communist) governments
- 2. Organize and support "intermediate parties" to divide and destroy national democratic movements
- $\mathfrak{Z}_{\bullet}$  Attempt to seek understanding with leftist elements in the Socialist Party
  - 4. Develop anti-Communist movements in labor and peasant unions
  - 5. Incite differences among leftist leaders and destroy their prostiga
- Create and make use of friction among national parties, especially in India, Annam, Burma, and Manaya

- 1 -

7. Take into active partnership opponents of national people's movements

8. Collect and study intelligence reports concerning anti-government (Communist) forces.

US Ambassadors in every land are to unify and lead these activities.
Britain has given approval to this plan. In Japan, through MacArthur's head-quarters, American and Japanese spies are cooperating to destroy the democratic organization and leadership there. In Shang-hai, the American intelligence office and special agents of the Nationalist Government are working together to the same end with the approval of Ambassador Stuart and Chiang Kai-shek. This organization has its head office in Man-ching with branches in various other places.
